

ROMAN LUHOVSKYI

Looking for fintech related internship

+353833692814 • contact@romanluhovskiyi.com • RomanLuhovskyi.com • [Github](#) & [Linkedin](#) • Dublin, Ireland

Summary

First-year Computing for Business student at Dublin City University with a strong foundation in systems architecture, Linux infrastructure, and web automation. Compelled by the intersection of technology and finance—specifically protocol behavior, asset flows, and decentralized software systems. Proven ability to independently build, secure, and deploy live tools, currently seeking a fintech apprenticeship focused on solving complex data and infrastructure challenges

Key Achievements

Cloud deployment

Deployed live application stack to Oracle Cloud

Academic ranking

3rd of 130 students, DCU DC120 – 1st year.

Linux project – 1st in class

1,000-line Bash CLI tool for encrypted SCP file sharing – top score in group

Experience

Independent on-chain Research

Title

Sumy, Ukraine

07/2023 - 11/2024
